

INDUSTRIAL OIL: REFRIGERATION OIL

Meets: IS 10522 - 1983

PRODUCT & TECHNICAL DATA SHEET

Gresol Lubricants

Product Name: **GRESO REFRIN 32/46/68**

DESCRIPTION

GRESOL Refrin oils are formulated from specially selected lube base stocks. These oils are Fortified with anti foaming, anti sealing additives.

APPLICATION

GRESOL Refrin grade oils are recommended for use in evaporation and compressor of Refrigeration system.

PERFORMANCE BENEFITS

- Low pour point to prevent congealing.
- Low cloud point to withstand extreme low temperature without flocculating wax.
- Good chemical stability.
- Liquefied refrigerant to prevent deposition.

PERFORMANCE STANDARDS

Meets Followings Specifications

- IS-10522-1983
- IS-VG

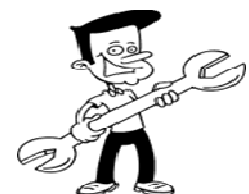

LEADING REFRIGERATION OIL MANUFACTURER IN INDIA
